DEPARTMENT OF INSTRUMENTATION ENGINEERING

Senso-Tech
(2022-2023)

From the Principal's Desk...

I Congratulate the Head of Department who is also the chief editor of this first newsletter of its kind named 'Senso-Tech'. Department is keen in coordinating the activities marching their vision by means of mission.

Dr. R.K. Patil

From the desk of HOD

It gives me immense pleasure to put forward the mirror of the departmental activities by the students and faculties for the welfare of the department and institute at large. It also provides the platform for the students and faculties to write their technical articles. All the students and faculty are keen in putting all the efforts to achieve the goals set by the department in the form of vision and mission.

Dr. P.D. Sarawade

Vision of the Department

To inculcate futuristic technical education in the domain of instrumentation engineering in order to serve for industry and society.

Mission of the Department

M1-To nurture the students to have attitude of lifelong learning for excellence.

M2-To cultivate high moral and rational values in the life of students through education.

M3-To develop technocrats to face socio-industrial challenges.
